PRODUCT:	QTY:	ITEM#
----------	------	-------

**Standard Features:**

- Drop-in countertop design with stainless steel edging, aluminum housing and control box, heavy duty electronic components, and high impact, thick, ceramic-glass top engineered for use in commercial kitchens
- Control knob for ease of use and automatic power or temperature control
- SmarTemp<sup>™</sup> Temperature control allows for specific temperature settings and 20 power cook settings
- Pan Maximizer feature achieves maximum heating rate of any induction compatible pan
- Drop-in cooktops and control boxes engineered and manufactured for easy installation
- Microprocessor monitors vital components 120 times per second to check for overheating, power supply problems, and more. Cooktop shuts off and displays error codes enabling user to diagnose and fix minor problems
- LED display for precise user feedback
- Automatic pan detection allows for instant energy transmission to pan, and no energy use when pan is not present
- Automatic shut-off feature prohibits overheating
- Easy-to-clean, smooth, ceramic-glass top surface
- Integral cooling fan keeps internal electronics cool
- Available in 1800 Watts (100-120V), 2500, 3000 and 3500 Watts (200-240V)
- One year limited warranty
- Made in the USA

**Specifications:**

Shall be a CookTek drop-in induction cooktop, Model \_\_\_\_\_ with a total kW rating of \_\_\_\_\_. Unit shall be manufactured in the United States and constructed with a stainless steel edging and aluminum control box. Unit shall be equipped with a built-in SmarTemp<sup>™</sup> microprocessor that performs precise temperature control, auto shut-off to prevent over-heating, self-diagnostics, and a pan maximizer feature that ensures maximum heating of induction compatible pan. Unit shall have an adjustable electronic control with 20 power cook settings and 27 precise temperature settings. Unit shall have a LED display located underneath the smooth top for precise user feedback. Unit shall operate on \_\_\_\_\_ volts \_\_\_\_\_ amps.

Note: Induction cooking requires the use of magnetic pots and pans.
